

TYPICAL

From: **CAMSEW**

Model: TW3-P335/V

Compound Feed.

**With Synchronised
Binding Option.**

**Built in Bobbin
Winder.**

**Clutch Safety Device
To Prevent Thread
lock Damage.**

**Complete With Servo
Motor.**

**Built to do a Days
Work Every Day.**

TW3-P355VB Synchronised Dedicated Binding

This model is designed for dedicated binding, where a quality finish is needed ever time.

Compound Feed

Foot rise when operating up to 7mm means even feeding over very heavy cross seams.

Full range of extra feet available, your range of existing Pfaff feet will fit this machine.

Safety Clutch: prevents damage from thread lock.

Servo Motor

PowerMax: servo motor, control box, synchroniser.

AC servo motor: Low power consumption with 550 watts output, (750 watts 1 HP available) smooth, and very quiet, top speed adjustable by operator.

Synchroniser: Needle stops down when pedal released, to turn work. Needle stops up when “Heel Back” to remove work.

Low Noise: When machine is operating there is no noise, and next to zero power use.

Comparison, Specifications, and Price.

prices are a guide only, and subject to change
